Bachelor in Tourism Management  
Bachelor in Business Management  
Bachelor in Health care  
Place of study: Vienna, Innsbruck,

Graduates of the Institute of Higher Education and the College can have up to 12 modules credited, therefore the Bachelor's degree can be completed in 1.5 years while working.

Total costs for the degree programme:  
from 8,945,- to a maximum of 9,146,- depending  
on the crediting of previous education,  
including examination and registration fees.

... and this is what our graduates say  
about the partner universities

Corinna Fasching, BA  
College graduate  
Short-track study program IBS

**„After successfully completing the college in Klessheim and working for three years, I wanted to continue my education. I found the ideal complement in the IBS part-time studies.**

**Due to the practical orientation of the lectures, the programme is a very good addition to the knowledge and professional experience I already gained. Especially the high quality in the selection of lecturers was a great enrichment. Due to the shortened 1.5 years of study and the freedom to organise my time, the IBS part-time study programme is also feasible alongside a full-time job.“**

... and this is what our graduates say  
about the partner universities

Kai Winklhofer,  
Institute of Higher Education  
Klessheim  
Hotelschool The Hague

„After graduating from the Tourism School Klessheim, I started with the ‚Bachelor of Business Administration in Hotel Management‘ at the Hotelschool The Hague (HTH) in the Netherlands. I became aware of HTH at the Career day in Klessheim. What particularly appealed to me was the tailor-made study path for graduates of tourism schools, the so-called International Fast Track. Here you have the opportunity to complete your Bachelor’s degree within two instead of four years. HTH gives me the opportunity to strengthen my knowledge in hotel management in an international environment. It really takes my leadership and management skills to a new level. I particularly like the practical orientation of the programme.

HTH definitely lives up to its reputation as one of the best hotel management universities in the world and I am happy to be here.“

Sigrid Brückler,  
College-alumni  
Stenden University

„After college, I started the short track programme ‚International Tourism Management‘ at NHL Stenden University of Applied Sciences in Leeuwarden, the Netherlands. The teaching system here in Stenden is comparable to that of a university of applied sciences in Austria. In addition to lectures, various workshops are offered in groups. The combination of theory and practice facilitates the learning process immensely. I like it very much here in Stenden. Even if you start as a short tracker in the middle of your studies, you don’t feel like you have missed something. All in all, I am very happy to have chosen Stenden University.“
