& LOTS OF ADDITIONAL OFFERS...

The International College Klessheim is situated on the doorstep of the culturally rich city of Salzburg and is renowned worldwide for its high level of expertise. And it has a lot to offer:

Internship & Career Center
Between the second and third semesters, students undertake a mandatory three-month internship, which can be completed in any industry-related company or institution. The Career Center, along with our international alumni network, provides great support to help you choose from several internship options. If you choose to do your internship in another EU country, you can receive subsidies through the Erasmus+ program. Our Career Center will assist you with the necessary formalities.

Tourism School & Event Location
Additionally, you will gain practical training at our own event location, Kavalierhaus Klessheim, one of the premier event venues in the Salzburg area. Managed by Tourism Schools Salzburg, it offers Klessheim students real-life experience in hospitality, serving as vital preparation for internships and future careers after graduation.

FAQS

When can I start?
Every autumn in Klessheim – just register at the college, the fastest way is online.

Will I get a place?
All you need is your high school graduation certificate. Neither at our college nor at our partner universities are there any entrance exams or knock-out phases at the beginning of your course. It's your motivation that counts.

When can I start earning money?
After a short period many college students start working at various events and earn their own money. A paid internship follows af ter the first year. With your diploma you can work all over the world. But you can also do a Bachelor degree and then begin your career.

How do I find a job?
It's very simple! Klessheim has its own Career Center with worldwide job offers for interns and graduates. These range from Austrian hotels and restaurants to cruise ships and international trainee programs. You can view the current list of of fers at any time.

Where can I get more information?
You can visit us in Klessheim at any time or meet us at career fairs. There is also a college information day in spring. All information is available here.

Why are there college clothes?
Tourism is an industry with style. Formal clothing is standard in many businesses, especially in top hotels, fine dining and cruise ships. This clothing contributes to corporate identity which is an important factor for success. We want to prepare our students in the best possible way for this world.

Can I try out the college?
Good idea - register with us (0662 851263 13) for your individual trial day and spend a day with a college class.

Why should I pay for the college when I can study for free at uni?
Our college and university can't be compared: Universities work theoretically and scientifically, whereas the college seeks a direct connection with practical training. Group sizes are limited within the college (maximum 30), languages or culinary classes are divided into smaller groups. Sommelier courses or other practical programs are expensive and entail a high cost of materials, which is included in the tuition fee.

Will I definitely be finished in 2 years?
At the college you will have a fixed place in all classes. If you are motivated and pass all your exams, you will complete your training in 2 years and if you wish you can get your Bachelor degree in anoter 1.5 or 2 years.

English plays a central role as the language of tuition at the college. Isn't it very difficult?
After you have graduated from high school, English won't be a problem for you at the college. If you want to work internationally, there really is no alternative to English. Your class colleagues come from all over the world. English is also not the mother tongue for most of them, just believe in yourself!

How quickly can you get a management position as a graduate?
Like all career starters, college graduates don't start out as managers, but they climb up the career ladder faster. There are many more young managers and entrepreneurs in tourism than in any other industry.

What are the requirements?
You either need the Austrian Matura certificate or an equivalent international certificate. Non-native English speakers are required to show proficiency in English by obtaining a recognized qualification (TOEFL, Cambridge First Certificate, or IELTS), equivalent to the B2 level.
